PROFESSIONAL SUMMARY

Passionate Full Stack Developer with hands-on experience in software development and problem-solving. Proven ability to work effectively in both collaborative and independent environments. Focused on building robust, scalable solutions with strong technical, communication, and project management skills.

EDUCATION

Bachelor of Technology in Computer Science and Engineering
Saintgits College of Engineering (Autonomous), Kottayam

Expected Aug 2025
Current CGPA - 7.8/10

SKILLS

Languages: C, Python

Web/App Development: React, Node, Express, tailwind CSS, HTML

Database: MySQL, Firebase

Development Tools: Git, GitHub, Postman, DBeaver, VS Code, Figma, Linux shell

Other Skills: Problem Solving, Project Management

EXPERIENCE AND INTERNSHIPS

Software Developer Intern

Techgentisa Software Technologies | Aug 2024 - Present

- Developed and implemented key features for the Meeting Management Tool in the VCONSOL conferencing platform.
- Worked collaboratively with a cross-functional team in an Agile environment.
- Gained experience across all stages of the software development lifecycle, from design to delivery.

Frontend Developer Intern

HubSpire | July 2024

- Developed and maintained web applications using React and React Native, contributing to both front-end development, mobile app solutions and UI/UX design.
- Implemented state management solutions using Redux, enhancing application performance and user experience by 40%.

Industrial Training

Intel India | May 2023 - July 2023

- Worked on a Python machine learning project focused on convolutional neural networks (CNN) and computer vision.
- Developed and implemented algorithms for image recognition and processing.

ACHIEVEMENTS

- Hackathon Winner** at Hacks'US 2023 - Rajagiri School of Engineering and Technology, Ernakulam
- Hackathon Winner** at HackAthena 2024 - Jyothi Engineering College, Thrissur
- Hackathon 1st Runner Up** at HackBells 2024 - Sree Buddha College of Engineering, Alappuzha
- Top 5 team** at CODE reCET Hackathon 2024 - College of Engineering, Trivandrum
- Passed with Distinction** in CBSE 12th and 10th board examinations

CERTIFICATIONS

- Database Management System - NPTEL - IIT Kharagpur
- Operating Systems - Saylor Academy
- The Complete Web Development Bootcamp - Udemy

PROJECTS

Network | React, Node, Express, MySQL, Sequelize

2024

Developed a comprehensive full-stack platform for hiring skilled workers within your locality.

- Enabled features such as gig posting, service booking and management, providing a user-friendly interface.
- Implemented payment processing and user authentication to ensure secure transactions and user data protection.

Finance Tracker | React, Node, Express, MongoDB, Chart.js

2024

Designed and developed a full-stack finance tracker application using MERN.

- Implemented features for adding and deleting expenses, simplifying budget management for users.
- Integrated category-wise sorting and chart visualization to enhance user experience and financial insights.

PDF Chat | Python, Streamlit, Google Gemini API

2024

Built a real-time PDF chat application with a responsive UI.

- Developed a system to handle questions and queries on various topics in the PDF document, improving user accessibility.
- Achieved a responsive design that adapts across devices, enhancing usability.
